## [ABOUT THE DOG]

Here at YELLOW DOG EATS we serve tasty, original chow with a light heart and a convivial smile. Our home in beautiful downtown Gotha is in the National Historic register and we aspire to a time when this great country was populated by stores that reflected the unique character of their many owners and provided a truly personal experience.

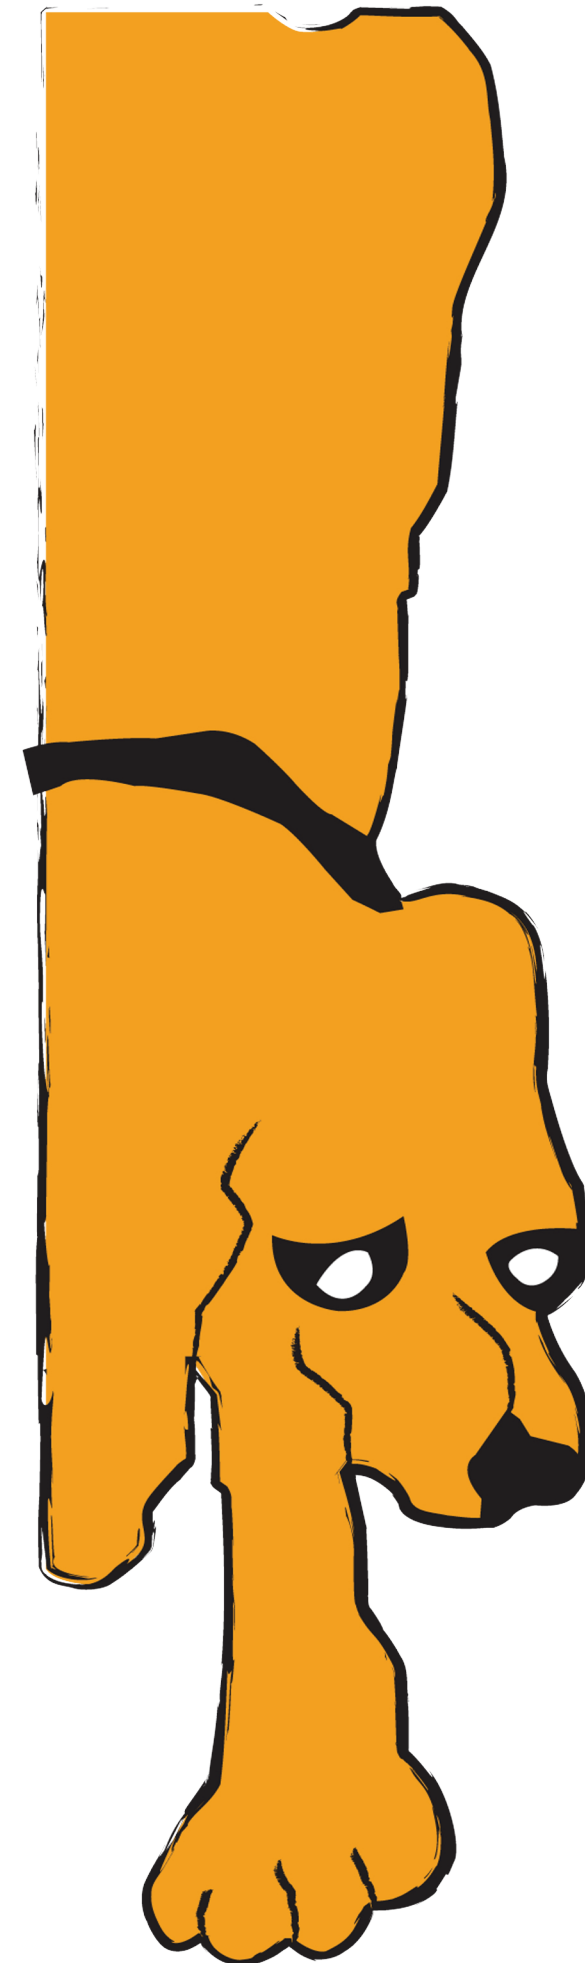

Our menu of sandwiches, salads, bar be que and daily specials are all Yellow Dog originals conjured from the imaginative mind of your humble proprietor Chef Fish Morgan. We start with the highest quality ingredients: lean, flavorful deli meats, our locally-grown baby greens (15 varieties) homemade pastries, and multi-grain "Pioneer" bread. Our bacon, pork and other yummy things are smoked on the premises over apple and natural woods, Yellow Dog strives to create distinctive combinations of favors to delight the palette and raise the spirits.

We hope you enjoy Yellow Dog Eats as much as we do. Remember we carry an excellent selection of wines from \$6 to \$200, and an assortment of jams, jellies, condiments and sauces. The Dog makes house calls. Inquire about catering and private parties. If there is anything we can help you with, just ask. Every dog has his day.
